SUBJECT INDEX

A

- Ability
 - schooling and, 408-9
- Acculturation
 - cross-cultural research and, 386
- Acetylcholinesterase
 - cerebral cortex and, 7-8
- Acquired immunodeficiency syndrome (AIDS)
 - psychological factors and, 130-31
 - repression/denial and, 127
- ACT
 - See Air Crew Training
- Action
 - origins and early development, 431-54
 - perceptual control, 434-45
- Actor effect
 - social-interaction research and, 62-63, 74-75
- AD
 - See Alzheimer's disease
- Adair, M. G., 341-64
- Adaptation
 - environmental psychology and, 490
- Affect
 - immune response and, 122-24
 - stereotyping and, 239-40
- Age
 - expert performance and, 277-78
 - nonconscious presentation stereotypes and, 254
- Aggression
 - negative affect-escape model, 498
- Aging
 - Canadian research contributions, 356
- Agitation
 - separation in infants and children and, 548
- AIDS
 - See Acquired immunodeficiency syndrome
- Air Crew Training (ACT), 319
- Air pollution
 - influence on community, 497
- Alzheimer's disease (AD)
 - caregivers stress and, 120
 - memory and, 17, 155
 - severity of symptoms loss of synapses and, 25
- American Sign Language, 164
- Amnesia, 3
 - Canadian research contributions, 351
- Analogical problem solving, 518
- Analysis of variance (ANOVA)
 - social-interaction research and, 70, 72-74
- Animal behavior
 - Canadian research contributions, 351
- Animal models
 - psychopathology research and, 390-92
- Anisomycin
 - memory formation and, 13-14
- ANOVA
 - See Analysis of variance
- Anxiety
 - cognitive-behavior therapy and, 47-49
 - faulty beliefs and, 40
- Anxiety disorder
 - subclinical analogue research and, 388
- AP5
 - learning and, 188-91
- Aplysia
 - gill withdrawal reflex changes induced by learning, 20-21
- Arousal hypothesis
 - environmental psychology and, 489
- Arthritis
 - rheumatoid psychological factors and, 131-33
- Asmus, C., 485-503
- Assimilation
 - stereotyping and, 250-51
- Associative networks
 - stereotypes and, 242-43
- Athletes
 - expert performance, 288, 291-92
- Attachment, 541-59
 - Bowlby-Ainsworth model, 543-45
 - individual differences, 542-43
 - psychobiological attunement, 558-59
- Attention
 - Canadian research contributions, 351-52
 - short-term activation and, 158-59
- Attention fatigue
 - directed, 502
- Attribution
 - stereotyping and, 251-52
- Attributional ambiguity
 - stereotyping and, 255-56
- Attribution theory
 - cross-cultural psychology and, 215-16
- Auditing
 - expert performance, 284-85
- Auditory attention, 478-79
- Auditory memory, 161-63
 - processing streams, 163
- Auditory perception, 471-75
 - auditory patterns, 472
 - individual differences, 475-77
 - selective processing, 478-79
 - temporal perception, 473-75
- Auditory psychophysics, 461-80
 - comodulation masking release and, 468-69
 - cross-spectral processing, 465-71
 - methodological developments, 470-71
 - profile analysis and, 465-68
 - timbre and pitch, 469-70
- Auditory streaming, 352
- Autoimmune disease
 - psychological factors and, 131-33
- Automaticity
 - stereotyping and, 254-55
- Autonomous work groups
 - group performance and, 324-26

Aversive racism, 257
